Satyam Karn

Date of birth: 08/07/1997   **Address**: Thane,421204   **Phone number**: 9820387665
Email : Satyam.karn3629@gmail.com   **LinkedIn**: https://www.linkedin.com/in/satyam-karn87/

Profile

Qualified QA Engineer with 2.8 years of experience in software and IT industry, solution-oriented and hands-on technical utility player, centered in software testing. Ability to learn quickly, often in high pressure situations, in order   to fully understand a new product, platform or any mixture of the two.

Skills summary

- Conducting testing on all testing stages as part of regular STLC.
- Defect management with SNOW and ALM and maintaining proper documentation of defects.
- Building and designing Automation Framework.
- UI testing using UFT(QTP).
- Web app testing using Selenium with Java.
- Test scheduling using Jenkins
- SME - Automation for two of the teams with different working applications including Mainframe.

Work Profile

Engineer Functional Testing – Tata Consultancy Services (Aug, 2020 - Present)
After joining the project (BFSI) team, the challenges and daily activities of my role were entirely based in testing of the Desktop Application which is designed and developed using ASP.Net and SQL.

1. Created my first independent test script after understanding the business requirements which was then integrated into Master Regression Suite. This helped customer save 200 USD per quarter.
2. Actively contributing to enhance the test scripts, analyzing and making changes as required.
3. Scouting for new modules in the business to automate them and save efforts.
4. **Touch free Regression –** Picked up a project which is helping us to run around 206 test scenarios just by triggering with an Email with the help of **JENKINS.** This was a game changer for my team as it helped to reduce the regression testing timeline from 6 days to 4.5 days.
5. **Efficient in Regression, smoke, integration, Database testing, User Acceptance testing (UAT), API testing.**

Stack – UFT(QTP), Jenkins, Microsoft SQL server, Visual Studio, Selenium

Education

Bachelor of Science (Computer Science) – University of Mumbai (2017-2020) with **CGPI –** 7.89

Skills

Automation Tools   –   Selenium, UFT, TestNG, Cucumber for BDD.
Management Tools   –   JIRA, SNOW, ALM
Coding Languages   –   Java, JavaScript, HTML, CSS, Bootstrap

Certification and Courses

1. Java – Complete course from Beginners - UDEMY
2. UFT – Project based training for Automation (Desktop application) – TCS
3. Selenium – 8 weeks training program from TCS
4. Agile Way of Working
